Health Protocols				
1. Quarantine protocols and procedures will be determined by school officials and the proper local health officials, when deemed necessary				
2. School will coordinate with state and local health officials for support and technicals assistance for proper health strategies				
3. Will consider appropriate accommodations for children with disabilities with respect to the health and safety policies				
4. Will monitor staff and student (physical, social, emotional, mental) health through observation and open communication				
The school board grants the superintendent the authority to adapt and alter these plans as deemed necessary in consultation with board president.				
<i>The Fullerton public is encourage to offer suggestions on the updated plan.</i>				
This can be done by sending comments to the following email address: warriors21@fullerton.esu7.org
